## Urinary Catheterisation Course for Healthcare Professionals - Study Day

**All Nurses & Operating Department Practitioners,  
Nursing Home staff and GP Practice Nurses**

**Britannia Country House Hotel, Didsbury, Manchester**

Saturday, 17th March 2012

### Overview of the course:

This is an essential study day for healthcare practitioners who need the theoretical and practice experience of both male and female catheterisation.

### The aim of the course is to:

- Provide theoretical support to the practical training to facilitate further practical experience undertaken in the practitioners own workplace.
- Provide a structured approach to the development of knowledge and skills that will enable practitioners to care effectively and safely for patients undergoing urinary catheterisation.
- Enable critical examination of the delivery of evidence-based care for the patient undergoing urinary catheterisation
- Promote the development of a critical understanding of the professional, ethical and legal implications of undertaking urinary catheterisation

### The course will include:

- Documentation & record keeping
- ANNT - (Aseptic Non-touch technique) in Urinary Catheterisation
- The theory of safe urinary catheterisation
- Practice - both male and female catheterisation
- A & P urinary system
- Care of the catheterised patient
- Urethral catheterisation - theory & practice
- Supra-pubic catheterisation - theory & practice
- Teaching intermittent self catheterisation

**Further information including the programme can be viewed on our website, [www.pepractice.co.uk](http://www.pepractice.co.uk)**

There are 16 places available on each course. The course fee is £120.00. The course fee will include the study day, course materials, certificate of attendance, lunch and refreshments.
